FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Elementary and Secondary Education (DES)** stated that the State Board of Education has no experience in drawing election districts and would have to contract with a consultant to ensure that subdistricts meet the requirements of this proposal. DES officials do not have any basis for estimating how much time and expense the consultants would require. They note that costs could exceed \$100,000.

Officials of the **Riverview Gardens School District** stated that the direct fiscal impact to the district would be negligible.
